We also created the first Canadian Health Insurance Tax Guide <sup>1</sup> to help advisors navigate issues unique to Canadian health insurance taxation.

<sup>1</sup> Based on Canada Revenue Agency (CRA) guidance, we believe that the Sun Critical Illness insurance benefit will be tax-free. We also believe that the return of premium benefit will be tax free if the amount does not exceed the premiums the recipient paid and if the recipient did not deduct those premiums. Remember, CRA guidance is not law, is not binding on the CRA and may change. Refer to the Canadian Health Insurance Tax Guide for further details on the tax treatment of health insurance policies.
