A Foresters Financial™ Company

Who are your potential clients?

Declined, Rated or Postponed

Canada Protection Plan does not ask if your client has ever been declined, rated or postponed. Your clients could qualify for our best no medical plan for up to \$500,000 coverage.

For those who do not want to go through traditional underwriting

Your client may be healthy but would like to avoid the lengthy process of traditional underwriting. Your clients can get reliable coverage fast, with NO medical exams.

Final Expenses

Your client may be looking to cover the cost of a funeral or to ensure that any outstanding debts are paid for. Canada Protection Plan can offer these clients a very affordable solution to cover their final expenses.

Millennials

Your client is a young professional and lives a busy life. They are just starting a new family or perhaps have bought a new home and are looking for a simple and fast application process with reliable coverage for up to \$1 million.

People with Serious Illnesses

Your client may be uninsurable due to serious illness or other risk factors. Canada Protection Plan can offer your client coverage up to \$50,000, guaranteed with no medical required.

Foreign Travel

Any planned travel in the next 12 months that is less than 12 consecutive weeks is insurable for all plans except Preferred Elite.

In circumstances that exceed 12 consecutive weeks, please consult underwriting.

Telephone Verification

A Third Party verifier may call the Insured and/or Owner of the policy to verify information obtained with the application for insurance.

The phone call is recorded.

Preferred and Preferred Elite Plans: Telephone verification will be waived if a paramedical is required.

Medical Records Verification

Medical records will be requested for a minimum of 10 percent of all business collectively received (Deferred Life; Deferred Elite; Simplified Elite) after approval and issue, to verify medical history.

Plan F Codes

MIB Plan F Codes are codes from other carriers that are associated to an individual who has an active policy with Canada Protection Plan. MIB will provide us Plan F codes, should they exist, for a period of two years after a policy has been issued and medical records will be further reviewed if required.

Children

Eligibility for Child Term Benefit

Each natural or adopted child of the Life Insured that is:

- at least 30 days old but less than 18 years old and is specifically designated in the insurance application, and
- at least 30 days old but less than 18 years old and is born or adopted after the effective date of this rider.

A child born to or legally adopted by an insured person while this rider is in effect is automatically covered from the age of thirty (30) days upon written request advising us, while the child is alive, of the child's name and date of birth. The premium for this rider does not change when additional children are insured.

Actual Age

When completing the questions on the Application Form, the Applicant's actual age is used.

Replacements

Please complete replacement forms for internal and external replacements at the time of application.

Backdating

No backdating is allowed for Guaranteed Acceptance Life, Deferred Life and Deferred Elite.

Backdating of issue date for Simplified Elite, Preferred and Preferred Elite is up to 6 months from the date of underwriting approval. Additional premiums will be required at issue to cover the premiums payable over the backdated period.

We are unable to backdate if the person is older than the maximum issue age. (For example we cannot backdate an 81-year-old to age 80 if the maximum issue age is 80.)

Smoking Status For All Plans Except Preferred Elite

Smoker definition: Applicants who have used any substance or product containing tobacco, nicotine (excluding 12 cigars or less per year), within the past 12 (twelve) months will be assessed as smokers.

Applicants who have used, 6 (six) times a week or more, marijuana in any form (excluding cbd oil or edibles) in the previous 12 months will be considered a smoker.

Oral ingesting refers to the use of marijuana other than by inhaling or smoking.

Smoking Status for Preferred Elite

Applicants who have used by any means, (including electronic vaporizer or “vaping”) a substance or product containing tobacco, nicotine including cigars or marijuana in the previous 24 months.

Insurance Age

All products use age nearest birthday for determining premiums.

Permanent Residents

- Applicants must be Canadian Citizens or Landed Immigrants
- Applicants who have applied for Canadian Residency Status but have not yet received their Landed Papers will not be considered for insurance
- Applicants with a valid work or study permit will be considered for face amount up to a maximum of \$250,000

Validity of Documents (Preferred and Preferred Elite Plans)

Time Frame for Requirements

- A paramedical can be used for underwriting purposes for a period up to 6 months, however the policy must have been issued and the first premium received within that time
- A paramedical older than 90 days will require a Declaration of Good Health (DOGH) on delivery
- Lab results (Blood Chemical Profile) can be used for underwriting purposes for a period up to 6 months
