PIVOTAL SELECT™ Investor Profile Questionnaire

Before you invest, it is important to understand your attitude towards risk. Knowing your tolerance for risk can help you choose an appropriate portfolio. There is no right or wrong decision. The only decision is what is right for you. Your financial goals and objectives, investment time horizon and attitude towards risk can define you as an investor and can help you identify your investor style.

Please answer the following questions by choosing the option best suited to you. There are no right or wrong answers. Keep in mind that it is important to answer each question honestly. This way the results reflect your unique investment profile.
