BETTER MORTGAGE INSURANCE

What is Better Mortgage Insurance?

Better Mortgage Insurance is your opportunity to take care of your loved ones' financial needs and comfort in the event of death, disability or critical illness. Since the purchase of a house is usually based on the income of both partners, this type of protection can come in handy in a scenario where only one partner remains and must cover the monthly mortgage payments.

Mortgage insurance protects your loan and your loved ones from losing their home, should the unexpected occur.

The purchase of your home represents the biggest investment you'll ever make in your lifetime. It's also part of your retirement fund and your estate. This is why you should protect it from the unexpected. Did you know there are many benefits to choosing a mortgage insurance option other than the one offered by banks?

Here are the features that come with a **Better Mortgage Insurance** solution.

Coverage stays no matter where you bank and won't decrease as you pay off your mortgage.

Payments are guaranteed to stay the same regardless of your age and changing health conditions for the duration of your term.

30-day money-back guarantee with the ability to cancel at any time.

This solution is best suited for ages 18 to 60 and offers up to \$10,000,000 of coverage.

The insurance payout is tax-free and benefits your loved ones, who also can decide which financial priority to take care of.

Fully underwritten at time of application. You don't risk learning you're not covered at time of claim.

CONSUMER TIP Be wary of insurance plans offered by lenders that do not require medical tests! Review your plan carefully, as exclusions could apply when you make a claim.
