

# Are you *sure* you're protecting what's most important to you?

It's important to have the *right* insurance. After all, you probably insure your car, your home and all the stuff inside. And you may even have some life and health insurance already.

## **But how much is enough?**

Let's find out – with the help of [InsureRight.ca](https://www.insureright.ca).

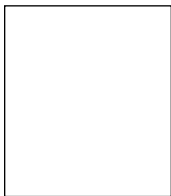

## How much insurance is enough?

It's worth finding out. And Manulife has the tools to help.

- **What's your risk?** Use this calculator to understand the relative risks of various life events.
- Try the **Quick Quote** calculator to get an idea of how much life insurance you need.
- And, when you're ready, contact me and we can walk through a more complete analysis of your life, critical illness and disability insurance needs.

Be *sure*, with **InsureRight.ca**. Let's get started today.
