13. Conditions

The conditions listed in this section are an integral part of this application and the contract.

The owner/annuitant may request a transfer or a partial or full surrender of a deposit from a **redeemable guaranteed interest account** before the end of its investment term. However, no interest is credited on any amounts surrendered or transferred within 90 days from the date the deposit is invested in your contract. A \$50 transfer fee will also be deducted from any amount transferred from a GIA to another financial institution.

Unless otherwise instructed, Assumption Life is authorized to reinvest the market value of your guaranteed interest account deposits upon maturity of the investment term under the same terms and conditions with the exception of the interest rate, which will be the one determined by Assumption Life for such deposits at the time of reinvestment.

You are not required to keep the invested amounts in the daily interest account for a fixed term. You may, at any time, make withdrawals or transfers from the daily interest account, without fees or penalties.

In the case of a **non-redeemable guaranteed interest account**, the deposit and interest referred to herein may only be transferred to another financial institution upon the expiry of the investment term.

The **effective date of the contract** is the date upon which Assumption Life receives the first deposit payment at its head office along with this application duly completed, signed and dated.

If you have chosen to make your **periodic deposit investments through preauthorized debit (PAD)**, you must keep this account open. You must also ensure that there are sufficient funds in this account at time of withdrawal. You thereby authorize the financial institution referred to in section 8 of this application to make these transactions as long as your consent has not been revoked in writing. You must notify Assumption Life in writing if you wish to make withdrawals on a different account, change the deposit amount or make any other changes to your PAD plan.

If you have chosen to invest in **investment accounts**, you confirm that you have received advice from your financial advisor with regard to investments and acknowledge that the investment accounts you have selected correspond to your investment objectives. Any deposit invested in an investment account is invested at your own risk, and its value may increase or decrease according to market fluctuations.

Assumption Life uses your **social insurance number** solely for tax purposes in terms of administration of your contract and in compliance with all applicable legislation.

Unless otherwise specified by the owner/annuitant in this application or in any other written notice received at our head office, the **maturity date of your contract** is the anniversary date of the contract on which both of the following conditions are met: the contract's 15th anniversary and the owner/annuitant has reached age 75.

You may always modify the maturity date of your contract at any time prior to annuity commencement date, being the maturity date. The maturity date must not be beyond December 31 of the year in which the owner/annuitant reaches age 105.

Annuity payment option

At the maturity date we will convert your annuity contract into a fixed monthly annuity payable until the owner's/annuitant's 90th birthday, unless the owner/annuitant has provided us with other specific instructions with regard to the payment terms of the annuity. You may always modify the annuity payment option of your contract at any time prior to annuity commencement date, being the maturity date, by providing us with written instructions at our head office.

Non-Canadian residents

All deposits invested while the owner/annuitant is a non-resident are subject to a special tax of 1% per month.

Withdrawals

A withdrawal from your TFSA does not trigger a new contribution room limit equal to the amount withdrawn in any given year. The *Income Tax Act* (Canada) provides that your TFSA contribution room limit will be increased by the amount withdrawn only beginning the following year. Therefore, if you have already contributed the maximum to your TFSA since 2009, any amount withdrawn from your TFSA in any given year may be re-contributed to your TFSA only beginning the following year.

It is important that you contact your Advisor before you make any additional contribution above the maximum prescribed amount in any year.

A **special tax** of 1% will also be levied on deposit amounts exceeding the maximums prescribed in the *Income Tax Act* (Canada). A monthly tax amount of 1% is applicable on your highest excess TFSA amount in any given month for any over contribution amount exceeding the prescribed limit. This 1% tax per-month will continue to apply for each month that the excess amount remains in your TFSA. The 1% tax is applicable even if the excess amount was contributed and later withdrawn during the same month.

Upon the conversion or purchase of a TFSA into an immediate annuity, the portion of the interest amount included in the annuity payments is taxable.
