

## Children's Endorsement Benefit

Offered with Basic and Enhanced protections, this endorsement is an alternative to the Child protection coverage. The parent(s), namely the policyowner(s) of the Critical Illness Insurance policy, can choose to take out the Children's Endorsement benefit to insure their children.

With the Children's Endorsement, a premium of \$75 per year is enough to cover all your children for the minimum coverage of \$5,000, and additional coverage can be added for an extra \$15 annually per \$1,000 of insurance.
