RETURN OF PREMIUM AT DEATH

Should the insured not survive the occurrence of a critical illness for a period as defined in the policy, or should the insured die of another cause, a benefit will be paid equal to 100% of premiums paid (excluding all riders, ratings and modal loadings).

DISABILITY WAIVER

Available at issue ages 18-60 and the benefit expires at age 65. Rates for males and females are 10% and 15% of the base rates (and ROP rider, if purchased), respectively. Premiums are waived once the insured has been totally disabled for a continuous period of at least 6 months.

ROP RIDER

The ROP rider is available at issue ages 18-55. The premium is 40% of the base rate. This optional rider provides the owner with the option, anytime after the 10th policy year, to discontinue premium payments. If the owner exercises this option, we will pay a benefit equal to a specified % of premiums paid to that date (excluding any premium ratings and modal loadings), and the policy will terminate. The specified % is as follows:

End of Policy Year	%	End of Policy Year	%
10	40	16	64
11	44	17	68
12	48	18	72
13	52	19	76
14	56	20+	80
15	60		

If no claim has been made at policy expiry (policy anniversary closest to the insured's 75th birthday) 80% of premiums paid will be paid. ROP will never exceed the face amount of the policy.
